http://www.rrt5.org/acp/

Database support – Contacts appendix

- Updates
  - edits possible as needed
  - update task assigned to a single point of contact
    but users could submit requests for changes
- Current version available at a consistent location
  - available at RRT 5 website
- Queryable
  - users can search by person, organization, etc.

ACP-RCP CONTACTS

Queries
- Search by Name
- Search by
  - Organization Name
  - Organization Division
  - Division Branch
- Search for RRT Members
- Search for OSCs
- Search by State

 Updates
- Now: Single person maintains, updates provided by agencies
- Could be:
  - Multiple people at several agencies help maintain
  - Users request changes as needed
Region 5 RCP/ACP Update
http://www.rrt5.org/ACP/

Motivation:
- Expandable content
- Revisions instead of full updates
- Web services
- Tiered approach to data
